# Meet Ms. Jordane

*Hi! I'm Ms. Jordane*

Welcome friends and parents to Tiny Hearts Academy!

I was born and raised in Colorado, but just recently moved to the Denver Metro Area. I started my career in education as a paraprofessional where I worked with children with special needs for 7 years. I then found my way to Tiny Hearts Academy and fell in love with Early Childhood Education.

The children that I work with are what make me want to come to work every day. I love my job and love seeing the joy on their faces day in and day out. While I love singing and telling stories to my kiddos, my absolute favorite this to do with them are science experiments. I also believe that communication is very important. I love building relationship with parents and love being able to teach the kiddos how to communicate with each other.

Sincerely,

*Ms. Jordane*
