Meet Javiera

Hi! I am Javiera

I grew up in Chile and have lived in Denver for over 5 years. My favorite part of Colorado is the cold weather, which I really enjoy. Outside of work, I like going to the gym, but I also enjoy relaxing at home, watching TV shows, and appreciating a calm and peaceful lifestyle. I have a small dog named Polly, a toy poodle, who fills my days with joy.

I have been working with children for 3 to 4 years, and what I love most about being a teacher is teaching them new things, giving them lots of love, and sharing moments of laughter with them. My teaching style is very loving and patient. I always try to interact with children at their level and, through play and educational activities, help them learn effectively. I strive to live with empathy toward both children and adults.

Sincerely,

Ms. Javiera
